INTERNET FEE PAYMENTS USING CM/ECF

The U.S. Dept. of the Treasury's Internet credit card payment module in CM/ECF provides the ability for attorneys to pay filing fees by credit card over the Internet via *pay.gov* when electronically filing pleadings.

Effective November 15, 2006, attorneys electronically filing pleadings having a filing fee will be required to use the new credit card module in CM/ECF to pay the required fee. This new system also allows attorneys to review their CM/ECF credit card transaction history.

ALL users accessing *Pay.gov* must use a browser that supports 128 bit encryption.

NOTE: If you do not have a valid credit card, decline to complete the required fields, or the credit card processing function of CM/ECF is experiencing problems, you will not be able to complete your Electronic Filing.
